Custom Home Elevator

*Quality,
Comfort,
Reliability*

**ACCESS
2000**
Elevator & Lift Inc.

Customize

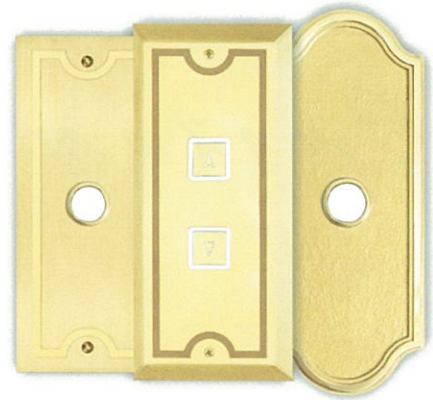

With the Summit Custom Home Elevator you have chosen the perfect way to easily access upper and lower floors, adding convenience and mobility, while increasing the value of your home.

With a wide range of cab finishes and options, we will design and handcraft an elevator that will not only enhance the decor of your home, but also add many years of comfort to your lifestyle.

Access 2000 has invested a great deal of time, money and pride in order to provide the best available products in North America. It is because of this investment that we are able to offer our customers the wide range of cab finishes that we do. These can range from simple melamine finishes to upscale cabs finished in wood, metal, glass and more. We are limited only by our imaginations.
